Methodologies	Agile with SAFe, Scrum, Kanban, Lean, XP, Waterfall, (Jira, Trello)
Bus. Platforms	CRM, LMS, ERP, CMS, MRP, Core Airline, Loyalty Apps, Salesforce
DevOps	Git, GitHub, SVN, Containerization, and Deployment (Docker and Kubernetes)
Web Services	Soap, RESTful, Microservices, API Design, Design Patterns, AWS Services
Database	Oracle DB, Amazon S3, MySQL, PostgreSQL, NoSQL, MongoDB, DynamoDB
Cloud	Amazon Web Services (AWS Elastic Beanstalk, AWS CodePipeLine, AWS CodeBuild, SQS, IAM, CloudWatch, IoT Core, RDS, S3, DynamoDB, Lambda, Kinesis, SNS, EC2, VPC, Route 53, CloudFormation, Lightsail, Apache...) Azure, Google Cloud

PROFESSIONAL EXPERIENCE

Founder, Full Stack Software Engineer @ Alpataro, Dubai	**2021-present**

- *Revamped the PMOSuite project, improving UI/UX and optimizing application performance using Java, Spring Boot, and AWS services.*
- *Designed and developed an end-to-end IoT system for Smart Building Automation, integrating Arduino microcontrollers and AWS IoT Core.*
- *Customized WordPress websites using Porto, WooCommerce, and AWS CloudSail hosting.*
- *Developed RESTful API integrations with e-commerce platforms, streamlining data exchange.*

Technical AM, Business Development @ Amadeus, Istanbul	**2017-2021**

- *Managed key airline accounts, ensuring customer satisfaction and alignment with Amadeus's org.*
- *Utilized SalesForce CRM, Microsoft 360, and other tools for effective account management.*

Full Stack Senior Software Engineer @ Amadeus, Istanbul — 2011-2017

- *Led teams in executing projects, including Loyalty Mgmt. System, CRM, and Digital Transformation.*
- *Orchestrated the digital transformation of legacy systems into a Service-Oriented Architecture (SOA).*
- *Collaborated with cross-functional teams to integrate external partners and enhance critical systems.*

Full Stack Software Engineer @ Hitit Computer Services, Istanbul — 2004-2011

- *Designed, developed, and maintained software apps for airlines using Java, Oracle, PL/SQL, and more.*
- *Managed projects from conception to delivery, practicing Agile methodologies.*

System Engineer @ BS&STS Laminate Tube Packing LLC, Istanbul — 2003-2004

EDUCATION

Bachelor of Engineering, Computer Science, Trakya University, Edirne, Türkiye — **1996-2000**

Certifications & Training

- *Master Spring Boot 3 & Spring Fr. 6 with Java*
- *Java Full Stack with Spring Boot and Angular*
- *Apache Camel Framework with Spring Boot*
- *Oracle Database Design and Development*
- *Agile Java Dev. Using Maven and Jenkins*
- *Project Management (NYU Cert: N18432813)*
- *Agile Software Dev. and Project Management*
- *Git & GitHub Bootcamp*
- *AWS Serverless Design for IoT*
- *AWS Certified Cloud Practitioner Certificate*

CORE COMPETENCIES

- Leadership
- Promoting collaboration
- Delivering results
- Commercial awareness
- Multitasking
- Budgeting & Planning
- Project Management

AREAS OF EXPERTISE

- Software Engineering
- Business Analysis
- Research and Trend Analysis
- Aviation and Airline IT, IoT, E-Commerce
- IT Solution & Architecture
- System Design

PERSONAL DETAILS

Language: English (Fluent)
Bulgarian (Fluent)
Russian (Beginner)
Turkish (Native)

Nationality: Turkish, Bulgarian
Passport: EU Bulgarian and Turkish Passport Holder
UAE Residency Permit
Driver's License: Turkish/UAE - B Category
